

FOR A SAFE
ELECTRIC FUTURE.

FOR A SAFE ELECTRIC FUTURE.

Electrical energy flows everywhere. It provides light, heat and movement. As a family-owned company operating worldwide, we guarantee the safe distribution of electrical energy in industry, commerce and infrastructure.

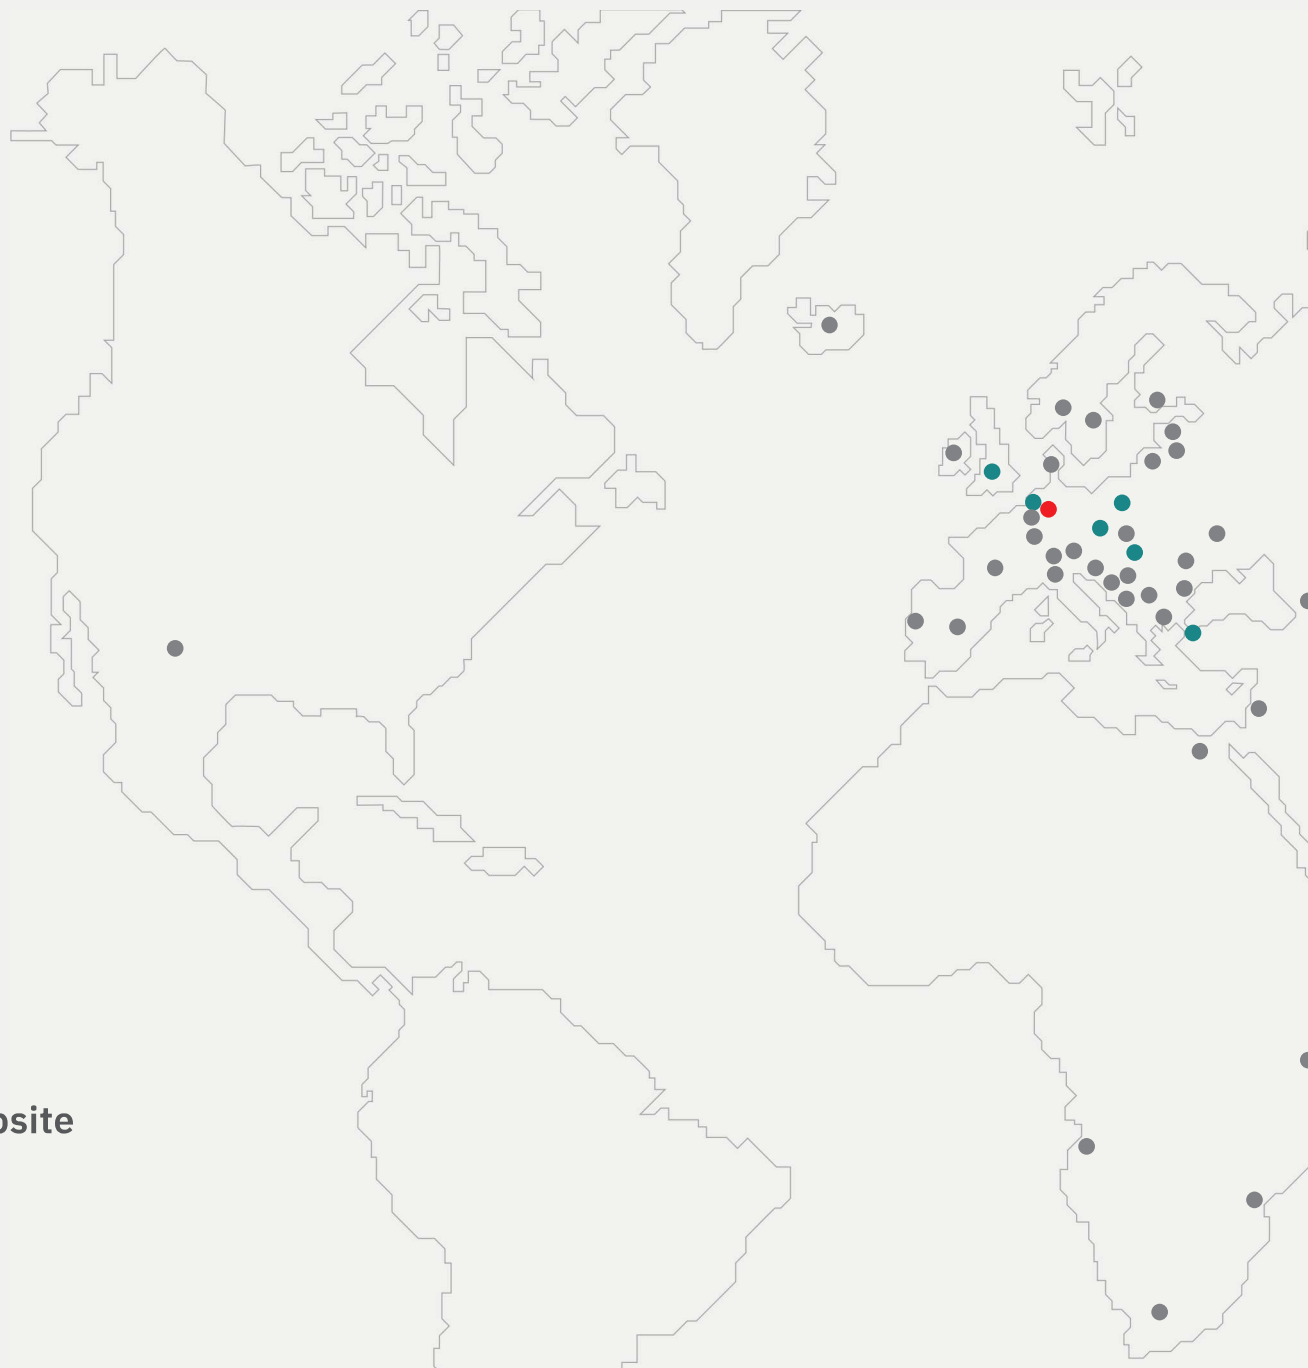

With over 1,000 employees, 640 of them in Germany, 13 subsidiaries in Germany and abroad, we have been operating successfully in the market for over 90 years. We work enthusiastically to take our products and services to the next level. Solutions for photovoltaics and e-mobility are becoming increasingly important. In this way, we are making an active contribution to the energy transition and working towards a safer electric future.

INDUSTRY – EFFICIENT PROCESSES IN CHALLENGING ENVIRONMENTS

The reliable distribution of electrical energy is of great importance to industrial companies. Furthermore, the shift towards process optimisation, automation and digitalisation further increases the need for safe power distribution. And no wonder: because if power supply goes down, it will take systems offline or even cripple factories entirely.

SOLUTIONS FOR A SAFE ELECTRICAL FUTURE

The HENSEL product portfolio covers the entire spectrum of electrical power distribution. From the smallest cable junction box to an extensive substation, electrical professionals rely on brand solutions from HENSEL - especially where it really matters.

Together with the planning and consulting expertise as well as the numerous supporting services

ENYCASE®

Cable junction boxes
0.75 to 240 mm²

ENYSTAR®

Distribution boards with door
up to 250 A

MODERN TEST METHODS – HENSEL STANDS FOR CERTIFIED QUALITY.

Places with dusty and humid environmental conditions that pose great challenges to electrical installation require products of the highest quality for the reliable distribution of electrical power in the low-voltage range.

- + Durability of plastic materials (water protection)
- + Tests on electromagnetic susceptibility (EMC tests)
- + Fire behaviour
- + Limits of temperature rise
- + Functional tests
- + IP degree of protection (dust and water protection)
- + Impact resistance
- + Temperature resistance
- + Corrosion resistance
- + Dimensions check via structured light projection

VDE-certified test laboratory

ENYEXPERT – MORE KNOWLEDGE IN YOUR HAND

Always be up-to-date on the go. In addition to useful information, the HENSEL app offers simple and practical tools to make your everyday work easier.

- + **Data slide / Data disc**
Calculation of conductor cross section and length
- + **Cable gland finder**
Find the suitable cable entry for your cable
- + **HENSEL expert**
Quickly find your nearest HENSEL expert

SERVICE@HENSEL DIGITAL, ANALOGUE AND ON SITE

In addition to the ENYEXPERT app, HENSEL offers other useful tools that significantly facilitate everyday work in the electrical industry.

- + **MY HENSEL-BOX**
